

We've got an app for that!

As the landscape of technology changes, we will update you on new ways of accessing some of the resources we provide. At the moment, several products we offer have apps for use on iOS, Android and other tablet devices. All apps are free and available through the iTunes store or GooglePlay. Information is subject to change based on changes in provider service.

Destiny Quest		This app allows mobile catalog searching as well as enhanced listing, sharing, review and internet search options. Logins to access these additional features may be provided by school library staff upon request.	Select Mansfield Public Schools from the list, then login with the school's generic user name and password: UN: Mansfield PW: schools
Follett Brytewave		Use Brytewave to access ebooks and audiobooks on Follett shelf. Works with ipads, android devices, nook color devices. May work with additional devices, but we haven't tried them yet!	Login with the school's generic user name and password: UN: Mansfield PW: schools When prompted, use the url: mansfieldschools.follettdestiny.com
Catalist		Even though you can access audiobooks through FollettShelf on your desktop computer, in order to play the files on a device such as a tablet or phone, you need the Catalist app.	Login with the school's generic user name and password: UN: Mansfield PW: schools
