

Developmental Guidance Lesson

Grade Level: 7

Topic: Learning Styles

Domain: Personal and Academic **Time Frame:** January, beginning of second semester

Related Developmental Goal:

Skills for learning; Academic to Life Success

Intended Student Competencies:

The Student Will:

- Understand the concept of a learning style
- Identify his/her learning style
- Apply learning style preferences to real classroom situations

Materials Needed:

- Access to computer
- Naviance log in information
- Access to You Tube

Lesson Plan/Activities:

- Ask students to log on to Naviance and take the Learning Style Inventory (LSI) Pre-test
- Have students watch a five minute video describing three learning style preferences
- Ask students to retell the learning styles addressed in video
- Have students complete the LSI on Naviance and identify their LS preference
- Have students share their LS preferences and how they use their learning style in the classroom
- Ask students to complete the LSI Post-test

Evaluation Method:

Classroom discussion, student self –reflection; comparison of LSI Pre-test and Post-test Information
