STATE REGULATION FOR SPORTS PARTICIPANTS REGARDING MEDICATION:

Student medications (inhaler or EpiPen) from the health room cannot be shared with coaches for use during interscholastic sports. If your child has an authorization for these medications on file in the health room, an additional inhaler or EpiPen must be provided for use during interscholastic sports.

Sincerely,

Stan Harris, Athletic Director

Karen Molloy, School Nurse

Important Note to Parents/Guardians:

The MMS Health Room closes daily at 3:15. There is **no nursing coverage** for after school clubs, sports or activities. If your child has a known medical need (such as; asthma, severe allergy, seizures, diabetes...) and may need medication or medical supervision during after school sports, a parent/guardian must contact the school nurse in order to make the necessary plans or arrangements. The appropriate care and guidelines will be delegated to the coaches. MMS does not provide nursing coverage beyond the school day. These arrangements will need to be updated for each sport your child participates in each quarter.
