

**The Southeast PTO would like to thank all of our generous donors for their contributions to the 2012 Silent Auction. With 229 area business, artists and Southeast community members participating we were able to raise \$6,500.00. Please patronize these area businesses and local artists to thank them for their contribution and to help them remain in business for years to come. It takes a village to raise our children and our village truly stepped up this year.**
