You Can Choose to Swim Healthy!

Healthy Swimming behaviors are needed to protect you and your kids from RWIs (Recreational Water Illnesses) and will help prevent germs from getting in the pool.

Here are three "PLEAs" that promote Healthy Swimming:

Three "PLEAs" for All Swimmers

Practice these three "PLEAs" to stop germs from causing illness at the pool:

PLEAse practice good hygiene. Take a shower before swimming and wash your hands after using the toilet or changing diapers. Germs on your body end up in the water.

PLEAse don't swim when you have diarrhea. This is especially important for kids in diapers. You can spread germs in the water and make other people sick.

PLEAse don't swallow the pool water. In fact, avoid getting water in your mouth.

Lap Swim Etiquette

Due to the limited number of lap lanes, it is mandatory that patrons share lanes accordingly:

- Please group yourselves according to ability.
- Two swimmers – each swimmer stays on his/her respective side of the lane.
- Three swimmers – swim counter-clockwise in a single file line, staying on the right side of the lane.
- Make sure it is safe to pass if necessary.
- Safety First – When entering a lane that is already occupied by a swimmer, please alert that swimmer that you will be sharing a lane with him/her.
