

## RENTAL OCCUPANCY LIMITS IN THE TOWN OF MANSFIELD

Updated on July 6, 2017

Mansfield Zoning Regulations limit the number of unrelated individuals that can live in a dwelling unit, regardless of the number of bedrooms. Rental units that were registered with the town prior to August 15, 2010 are allowed a maximum of four (4) unrelated individuals; rental units registered on or after that date are allowed a maximum of three (3) unrelated individuals. Exceptions to these limits exist for functional families and groups protected by the "reasonable accommodation criteria" of the Federal Americans with Disabilities Act or Fair Housing Act as described in the definition of family. The following table identifies the maximum number of unrelated individuals allowed for single-family homes and multi-family registered as rental units.

## RENTAL OCCUPANCY LIMITS IN THE TOWN OF MANSFIELD

Updated on July 6, 2017

Mansfield Zoning Regulations limit the number of unrelated individuals that can live in a dwelling unit, regardless of the number of bedrooms. Rental units that were registered with the town prior to August 15, 2010 are allowed a maximum of four (4) unrelated individuals; rental units registered on or after that date are allowed a maximum of three (3) unrelated individuals. Exceptions to these limits exist for functional families and groups protected by the "reasonable accommodation criteria" of the Federal Americans with Disabilities Act or Fair Housing Act as described in the definition of family. The following table identifies the maximum number of unrelated individuals allowed for single-family homes and multi-family registered as rental units.
