

Climate Action Task Force  
Minutes of Meeting  
September 27, 2016

Present: George Rawitscher (chair), Margaret Rubega, Gary Bent, Laura Cisneros, Tim Vadas, Don Hoyle, Virginia Walton (staff)

The meeting was called to order at 7:05 pm by chair Rawitscher.

The minutes of the May 24, 2016 minutes were approved on a motion by Rubega/Bent.

The task force discussed the request from the sustainability committee to narrow down key action items that the Town should focus on over the next year. Some task force members thought that key stakeholders should be the ones deciding what is most important to the town – such as human safety, mitigation, preparedness, minimizing risk, etc... Once what is most valued is identified, then the task force could identify high priority actions and not before. It was decided that each member will circulate his/her priorities or suggestions to the task force via e-mail prior to the next sustainability committee meeting. A compilation of these priorities will be submitted to the sustainability committee at its October 12, 2016 meeting.

The meeting was adjourned at 8:44 pm.

Respectfully submitted,

Virginia Walton
