Membership Freeze

Our Membership Freeze option is a way to inactivate your annual membership for up to three months.

- A freeze is available for annual memberships only.
- You may freeze your membership a maximum of two times per year.
- Memberships that are paid in full – will be inactivated during the requested freeze period, and your membership expiration will be extended by the length of the freeze.
- Memberships that are paid by auto debit each month – will continue to be billed during the freeze. Your billing is pre-set for 12 consecutive months and does not qualify for the freeze. A freeze will put your membership on hold, not your billing.
- This form must be submitted prior to the time during which you are requesting the freeze.
- Maximum freeze length: 3 months.

Primary Household Name: _____

Address: _____

City/Town: _____ Zip: _____ Phone: _____

Dates of Freeze: _____ to _____
(Maximum freeze length: 3 months)
