

Ad Hoc Climate Action Task Force
Minutes of the Meeting
February 27, 2018

Present: George Rawitscher (chair), Juliana Barrett, Robert Thorson, Christine Kirchhoff, Chad Rittenhouse, Eleanor Ouimet, Virginia Walton (staff)

The meeting was called to order at 7:06 by acting chair Rittenhouse.

The January 23, 2018 minutes were approved on a motion by Ouimet/Thorson.

The task force compared the spreadsheet of public works and emergency management concerns to identify where there was overlap. Rawitscher arrived at 7:30. A meeting with a few employees from Human Services will be scheduled for Monday, March 5 at 1 pm. Thorson, Rawitscher and Rittenhouse stated they will be available to attend. The concerns and issues revealed from this meeting will then be matched up with the Mansfield Tomorrow Plan actions and compared to the public works and emergency management findings. Once this is done a report will be prepared for the Sustainability Committee that identifies (1) what is most important, based on feedback from three town departments, (2) what the task force views as most important, (3) where there is overlap with Sustainable CT.

Walton shared the Sustainable CT master action list with the task force and stated that the Town hopes to apply for bronze certification this year. Barrett offered to share the link to the Sustainable CT webinar, which is coming up.

The meeting was adjourned at 8:23 pm.

Respectfully Submitted,

Virginia Walton
Secretary
