It is the Mission of the Mansfield Public Schools, in partnership with the Mansfield community, to ensure that each and every child develops the knowledge, skills, and dispositions essential for civic engagement and personal excellence in learning, life, and work within our local and global community.

Core Beliefs

- Lead with EQUITY.
- Develop the whole CHILD.
- Ensure ACTIVE learning.
- Build PARTNERSHIPS.
- Prepare GLOBAL citizens.
- Grow EDUCATORS.
Entry Plan

• Goal 1: Engage and Learn from key MPS Stakeholders

• Goal 2: Examine district, school, and community events and programs that shape the Culture of MPS

• Goal 3: Learn more about Mansfield’s Town Agencies/Offices/Departments and BOE Structure that support the district’s work.

• Goal 4: Review district Systems that support our strategic plan and work.

• Goal 5: Identify the Resources that support MPS.
• Mansfield is proud of our schools
• Core Beliefs are powerful
• Continuous “from good to great” improvement is desired and needed
• Coherence and clarity are important
• MPS is a district of traditions and innovations
• Shift from system of schools to school system
• Structures and systemic thinking can protect our teaching and learning focus
• Partners, Agencies, & Community members want to help and work with us
Staffing

• Food Service Director - Mariah Popeleski-Tilley
• Current Searches
  • MMS AP
  • Paraeducators
Water Quality Testing

- Safe Water is Our Priority
- State/Local DPH & EPA Guidelines
- Frequency of Testing & Mitigation Plan are Results Driven
- Ongoing Challenges Associated with Well Water
- Aging Infrastructure (plumbing/fixtures)
- Mitigation (replacing, by passing, filters, bottled water)
### SE Water Testing Locations

</tbody>
</table>

The COVID-19 community level is determined by the higher of the new admissions and inpatient beds occupied metrics, based on the current level of new cases per 100,000 population in the past 7 days.

Facilities located in counties with LOW community levels should maintain everyday prevention strategies:
- Encourage and facilitate COVID-19 vaccination for all children 6 months of age and older and all staff, including booster vaccine doses when recommended.
- Support children and staff who choose to continue wearing a mask even when not required.
- Follow isolation guidelines for individuals who have tested positive for COVID-19 or who have symptoms and live in a household with someone with COVID-19.
- Recommend self-testing and masking for children and staff with respiratory disease symptoms (with or without fever) or known exposures to COVID-19 cases with or without symptoms.
- Ensure that ventilation systems are well-maintained and operating appropriately.
- Maintain routine cleaning and disinfection protocols for all classroom surfaces and common areas.
- Continue advising parents to report cases of COVID-19 to the school and maintain accurate absentee data.

Additional prevention strategies to consider for facilities located in counties with MEDIUM community levels:
- Increase spacing between seated individuals in classrooms and during other activities, if possible.
- Be prepared to respond quickly to rapid increases in absenteeism, cases, or outbreaks in schools.
- Increase ventilation to ensure maximum delivery of fresh outdoor air to occupied spaces, appropriate filtration of any recirculated air, and use of outdoor spaces to the extent possible.
- Reinforce frequent hand cleaning and proper respiratory (cough/sneeze) etiquette.
- Communicate early and often with students, staff, and families regarding any changes in policies and procedures in order to ensure a heightened awareness of any respiratory disease symptoms.

Advanced prevention strategies to consider for facilities located in counties with HIGH community levels or those experiencing outbreaks:
- Implement a universal mask use policy for indoor spaces.
- Limiting outside visitors to the school to those who are necessary for instruction or student support.
- Cohort classrooms and during meals, recess, and other gathering times.
- Implement strategies to monitor and prevent in-school transmission of COVID-19, such as contact tracing, quarantine or daily screening testing (i.e., Test-Mask-Go) of close contacts of a COVID-19 case in any setting (with or without symptoms), and classroom-level exposure notifications.
- Discuss whether extracurricular activities that involve high-intensity close contact (e.g., indoor athletics, performing arts) should be temporarily suspended.

Knowing Students - Developing the Whole Child - Ensuring Deep Learning
MES: One School, Two Campuses

• Vinton PreK-Gr 1
• Goodwin Gr 2-4
• Open Houses & Socials
• Before/After School Care at Both Sites
• Principal/AP will visit and lead both Sites
• Staggered Start/End Time by 10 minutes
Director of Teaching & Learning

• Candace Morell
• Teacher, AP, Principal
• In Mansfield since 1999
• BS/MS/6th Year UCONN
• Education Leadership Policy Fellow
• Teaching/Learning Focused Leader
