Mrs. Morell provided a comprehensive review of the curriculum programs which have been implemented in the Mansfield Public Schools. In Reading - Benchmark Advance, PreK-5, Foundations; in Mathematics - Bridges, 3rd edition; and in Health, an audit was completed this year at MMS and will occur at MES during the 25-26 academic year.

Mr. Russell and Mrs. Mulholland led a discussion of Artificial Intelligence and how this can directly affect instruction. It was noted that a policy related to AI must be discussed going forward.
