

Kelly M. Lyman  
Superintendent

January 21, 2021

Dear Mansfield Staff and Families,

Unfortunately we have more positive cases of COVID-19 to report today. One case within the Vinton School Community and three cases within the Goodwin School community – all among adults. There was very little exposure to others during the infectious period and anyone who was a close contact has been notified.

Today's cases, while disappointing, were not surprising and we took this into consideration as we made the decision yesterday to move Goodwin School to remote learning. We hope that this is our peak and that as cases in the state begin to decline so too will they in our community.

Sincerely,

Kelly M. Lyman
