

# Map and Menu Options

## Map Options

- Zoom in and out of the map by using the plus and minus buttons in the upper left corner of the screen.
- Click the pause button (  ) to pause or restart the GPS tracking feature. *\*Note: This is most useful on a mobile device.*
- Use the Search bar to look up a specific address. When you run the search, the map will refresh to that location.
- Switch your map to satellite view by clicking on the box in the bottom right corner of the screen.
- Create a new request by clicking on the **Create Work Request** button at the bottom of the map.

## Menu Options

- Click the three lines in the left corner of the map to access the menu.
- If you are logged into your account and would like to sign out, click on the **Log Out** link. *\*Note: If you are not signed in, you will see a Login link.*
- Click the **Account** link to edit your account information such as Name, Email, and Password.
- If you have previously submitted work requests, you can view those by clicking on **Show My Requests**. Your requests will be shown in a side panel on the right side of your screen.
- You may see other links listed in the menu if the Web Administrator for your organization has added them.
- Click the **Help** link to access the Dude Solutions help site.
