

Kelly M. Lyman
Superintendent

November 18, 2021

Dear Mansfield Staff and Families,

Today we learned that a member of the Mansfield Middle School community has tested positive for COVID-19. Contact tracing was completed resulting in some individuals eligible to attend school and then quarantine at home when not in school. This is the new “screen and stay” practice shared with you last week. We are pleased that this is another option we can use to reduce the amount of time children must be away from school.

I am sure you have seen the news in the last few days regarding an increase in positive COVID cases throughout Connecticut. With the holidays coming up this is a good reminder to us all to practice mitigation strategies when out of our homes and in the community.

Sincerely,

Kelly M. Lyman
