

Kelly M. Lyman  
Superintendent

December 15, 2021

Dear Mansfield Staff and Families,

We learned of two positive cases of COVID-19 today – one at Southeast School and one at Mansfield Middle School. Contact tracing has been completed. Once again, our appreciation to families and staff who are monitoring their own health daily and taking precautionary measures. These efforts help us reduce the number of individuals identified as possible close contacts. As shared yesterday, anyone looking for testing sites should check the 211 website: [2-1-1 Connecticut \(211ct.org\)](https://211ct.org).

Sincerely,

Kelly M. Lyman
