

Kelly M. Lyman
Superintendent

December 23, 2021

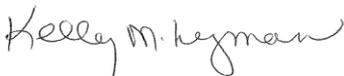

Dear Mansfield Families,

We have had a very successful first four months of school thanks to the efforts of our staff and your support and cooperation with our COVID protocols. Despite the rising case numbers, the impact on our schools has been minimal. This current wave of infections may change that, but I know that whatever we face in the coming weeks, we will do it together and in community with each other.

A few precautions as we head into winter break. Remember to wear a mask whenever outside of your own home, avoid large gatherings, and be sure that all eligible members of your household are vaccinated and have received a booster dose. The booster does seem to make a difference with the Omicron variant. To find out where vaccinations are being conducted and to schedule an appointment, follow the links found on the Eastern Highlands Health District website at <http://www.ehhd.org/>. This site is updated regularly and also includes updated information on where to get a COVID-19 test.

Wishing you a happy holiday season and all the best in the new year. Please stay safe.

Sincerely,

Kelly M. Lyman
