

Kelly M. Lyman
Superintendent

January 25, 2022

Dear Mansfield Staff and Families,

You may be getting tired of hearing from me every day but the news is getting better! We had only one new case of COVID-19 today. It was at Mansfield Middle School.

While the numbers across the state are also much improved, there is no crystal ball to help us know for sure what will come next. Please don't let your guard down yet; keep test kits on hand; get vaccinated or boosted; and continue to wear a mask whenever you are outside your home.

Sincerely,

Kelly M. Lyman
