

To Whom It May Concern:

Each year, Mansfield Middle School in Storrs, Connecticut, offers students the opportunity to participate in a dramatic production. These school plays are positive events that regularly involve over a hundred students in all areas of production. The students learn so many important lessons in the process, most notably those about collaboration and dedication. It's so encouraging to see the children learn that when they work hard together, they can produce something great. The play takes months to prepare, and the weekend performance always fills the auditorium with families and community members. This year's play is Lion King Jr and will be held on May 21, 2022.

In order to produce performances of such magnitude, we create the elaborate sets and costumes. The materials required for this include: paint, brushes, and rollers to create the sets; canvas backdrops; materials for costumes and props. In addition, this year we've decided to raise money in order to fund larger theater improvement projects which would directly benefit the theater program. With that said, we wonder if you would be willing to purchase an ad space in our program to help us raise funds for this worthy endeavor. If so, we'd be grateful.
