

Help support a "hands-on" bicycle education program for the Mansfield 4th graders!

The bike education program will give every 4th grader at Mansfield Elementary School a life skill in how to safely ride a bicycle ... along with a helmet to keep!

Mansfield is a nationally designated **Bicycle Friendly Community**, and **Bike Mansfield** is working with the Physical Education teachers and administrators at the new Mansfield Elementary School to integrate bicycle education into the 4th grade physical education program. **BikeWalkCT** has developed a complete training program and manual for Mansfield's Physical Education teachers. To get the program started we need to raise money to purchase bicycles, a storage trailer and program supplies. The amount needed in this kick-off year is about \$28,000, and we have already raised nearly \$4,000 from individual and business members in the community. We have received a supporting grant from **SustainableCT** to match the first \$7500 raised using this platform. So please help by donating what you can.

Every dollar donated to this campaign will be matched by Sustainable CT up to \$7500.

Knowing Students
Supporting the Whole Child
Ensuring Deep Learning

Your donation will help educate Mansfield bike riders year after year.

All fully deductible donations (Bike Mansfield is a 501(c)3 non-profit) will be used exclusively for this program to introduce kids to safely riding bicycles.

[Donate here on-line](#), or if you prefer send a check to:
Bike Mansfield, 404 Woodland Road, Storrs Mansfield, CT, 06268
Every donation -- big or small -- will help.

As mentioned above, the first \$7500 of donations received will be matched by our grant from SustainableCT.

If you have questions or would like more information, please contact:
