

**Are You Concerned about Your Child's Development?  
Please Register for a Screening May 29 or May 30 2025**

Mansfield Public Schools, in partnership with the community, actively participates in an initiative called "Child-Find" which works to identify and serve children in the community who may be delayed developmentally. This is a nationwide effort mandated by the federal government to support children and early learning.

One of the ways Mansfield "finds" children who need services is to run a screening once a year. This year's screenings will be held at Mansfield Elementary School on:

**Thursday, May 29 and Friday May 30** *by appointment only*

**If you are a Mansfield resident and have concerns about your child's development please click on this link to select a time for the Child-Find Screening:**

**Select a time: [Mansfield Child Find Screening Appointment](#)**

**What will happen at the screening?** The screening lasts about 30 minutes and includes the following:

- An observation of play skills, social interaction, and language skills
- A parent interview

Children aged 3 and 4 years are eligible for the screening (child must be at least 3 years old by the first day of school - 8/28/25)
