I love being a school counselor. My favorite time of the day is lunch time when I meet with my students for lunch groups. We play games, build puzzles and share stories about our day. They make my day!

I love being a school counselor because I love helping students. My favorite moments are when students come to me for help and I see their wheels turning. I love guiding them to solving problems. I also love seeing their growth from 5th grade to 8th grade!
